NOTICE

This is to inform the Heads and faculty members of this institute that IQAC of our College is organizing one day workshop on “**CO-PO mapping and attainment**”. The resource person is Dr.Sumita Rao, Dean Academics, Priyadarshini College of Engineering, Nagpur. She will be elaborating mapping of CO's with PO and the various assessment tools along with detail process of attainment. She will also discuss about framing of question paper and use of proper verbs as per Blooms Taxonomy level. All heads should ensure the completion of CO-PO mapping of all subjects of their respective department before the workshop.

It is mandatory for all faculty members to attend the workshop.

Date: 11/07/2023

Venue: Seminar Hall (First floor)

Time: 10.30am

Institutions Innovation Council

Date: 09/01/2024

Notice

All students are hereby informed that the **Institution's Innovation Council** in collaboration with **Internal Quality Assurance Cell** is organizing a **Poster and Model Making Competition** for all students of the college. This event aims to explore creativity, innovation, and artistic expression among our talented student community. Those who are interested can enroll their names to the respective Head of the department.

Details of the competition are as follows:

Date: 12th January 2024

Time: 11:00 AM

Venue: Physics lab and Innovation cell 2nd floor.

This competition provides an excellent platform for students to showcase their innovative ideas and artistic skills. Participants can choose any relevant topic within their field of interest or explore broader themes related to technology, science, environment, or social issues.

Guidelines for Participation:

1. The competition is open to all students of the college.
2. Participants can work individually or form teams. (Max. 4 Students)
3. Posters and models should be submitted on or before **11/01/2024, 01:00 PM.**
4. Judging criteria will include creativity, relevance, presentation, and overall impact.

We encourage all students to actively participate in this event and make it a resounding success. Let's come together to celebrate innovation and creativity within our college community.

For any query contact;

- 1) Prof. U.V. Gaikwad-IIC Coordinator (Contact No. 9096440052)

Electoral Literacy Club
Academic session 2023-2024

Priyadarshini Bhagwati College of Engineering, Nagpur has established Electoral Literacy Club. An Electoral Literacy Club is a platform to engage students, through interesting activities and hands-on experience to sensitize them to their electoral rights and familiarize them with the electoral process of registration and voting. Total 48 Yuva Ambassadors are working under the club. Till date, total 428 forms have been submitted to the Election Commission Office. **Priyadarshini Bhagwati College of Engineering, Nagpur has achieved 100 % voter ID registration.** The following table shows the details of the Total no. of students available in higher semesters and voter ID registration forms submitted.

Branch/Semester	III Semester	V Semester	VII Semester
CSE	Total Students-61	Total Students- 68	Total Students-65
	Form Submitted-29	Form Submitted-13	Form Submitted-05
IT	Total Students-62	Total Students-67	Total Students-64
	Form Submitted-24	Form Submitted-19	Form Submitted-06
EC	Total Students-64	Total Students-67	Total Students-62
	Form Submitted-22	Form Submitted-17	Form Submitted-12
Mech	Total Students-60	Total Students-18	Total Students-59
	Form Submitted-23	Form Submitted-10	Form Submitted-05
Civil	Total Students- 54	Total Students-36	Total Students-68
	Form Submitted-25	Form Submitted-12	Form Submitted-06
Total	Total Students- 875		
	Form Submitted-228		

In higher semesters most of the students have voter ID cards and few of them applied for online voter ID registration. Yuva ambassadors from higher semesters collected, total 228 forms and submitted to Election Commission Office Senior Clerk Mr. Bidwaik.

The following table shows the details of the Total no. of newly admitted students in first year and voter ID registration forms submitted.

Semester/Section	First Semester
First Year Sec A	Total Students-56
	Form Submitted-34
First Year Sec B	Total Students-55
	Form Submitted-34
First Year Sec C	Total Students-54
	Form Submitted-53
First Year Sec D	Total Students-55
	Form Submitted-48
First Year Sec E	Total Students- 56
	Form Submitted-31
Total	Total Students- 276
	Form Submitted-200

On the basis of above table, it has been concluded that total 200 forms from First Year have been submitted to Election Commission Office to Senior Clerk Mr. Bidwaik. Overall Total 428 registration voter ID forms have been submitted to Election Commission Office.

As per the guideline received from the Election Commission Office regarding Mission Yuva-EN, in our college total 48 Yuva Ambassadors have been selected to collect forms of new voters. Principal and Nodal Officer Dr. N. K. Choudhari has conducted meetings of Yuva Ambassadors, on dated 09/02/23, 12/09/23, 18/10/23 & 05/10/23. In this meeting several topics were discussed like registration for new voters, review about form submission and activities under the Electoral Club. The electoral literacy club of Priyadarshini Bhagwati College of Engineering, Nagpur has organized an awareness workshop on dated 23/08/23. Principal & Nodal Officer **Dr. N.K. Choudhari** motivated and encouraged the students for the workshop. Tahsildar **Mr. Sriram Mundada** addressed the students. The workshop was designed informative and engaging, and it covered a range of topics related to electoral literacy.

The Electoral Literacy Club program is an important initiative of the Election Commission of India to strengthen democracy in India. In this regard, Priyadarshini Bhagwati College of Engineering has organized an Electoral Literacy Program under the guidance of Principal & Nodal Officer Dr. N. K. Choudhari, Deputy Tahsildar Mr. Dattatray Dhatram addressed the students about the various planning of election commission for Yuva Ambassadors and electoral club members. The Electoral Literacy Club program has been successful in promoting electoral literacy and voter participation among students and in society. Electoral Literacy Club members were registered to vote and promised to cast their votes in election. The study also found that Electoral Literacy Club members were more knowledgeable about the electoral process and were more likely to influence their peers and community members to vote. Yuva ambassadors of the Electoral Literacy Club have arranged a registration voter ID awareness campaign in Ram Krushna Nagar Dighori, Itwari, Gajanan Nagar Pipla Road. Yuva ambassadors of Priyadarshini Bhagwati College of Engineering are working dedicatedly for the success of 100% Voter registration in society also.

FROM THE COLLEGES**Priyadarshini Bhagwati
College of Engineering**

THE ELECTORAL Literacy Club of Priyadarshini Bhagwati College of Engineering, Nagpur had

organised an Electoral Literacy Workshop recently. Principal and Nodal Officer Dr N K Chaudhari elaborated on the importance of elections and encouraged the students for the workshop. Tehsildar Sriram Mundada addressed the students on the various important topics of election process. The workshop was informative covered a range of topics like electoral literacy, democracy, types of elections, eligibility for voting, the voter ID registration process and the role of the Election Commission of India in conducting elections. Assistant Nodal Officer V M Atkari proposed the vote of thanks.

Future Plan for Electoral Literacy Club

Vision:

To create a vibrant and informed campus community that actively participates in the democratic process.

Mission:

To empower students with the knowledge and skills to become informed and engaged voters.

Goals:

- Increase voter registration and turnout among college students.
- Promote informed decision-making among voters.
- Enhance understanding of the democratic process and civic responsibilities.
- Foster a culture of civic engagement and active citizenship.

Strategies:

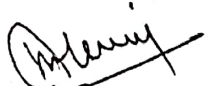

- **Voter Registration Drives:** Organize regular voter registration drives in other colleges and collaborate with student organizations to reach a wider audience.
- **Educational Workshops and Seminars:** Conduct workshops and seminars on electoral literacy topics, covering voter registration procedures, voting methods, understanding election manifestos, and evaluating candidates.
- **Interactive Campaigns and Activities:** Utilize social media platforms and on-campus events to engage students in interactive campaigns and activities related to electoral literacy, such as debates, mock elections, and voter education games.
- **Collaboration with Campus Partners:** Collaborate with student organizations, campus departments, and local civic groups to organize joint events, initiatives, and outreach programs related to electoral literacy.
- **Digital Outreach and Resources:** Develop and maintain a comprehensive online presence for the club, providing easy access to voter registration information, election updates, and educational resources.

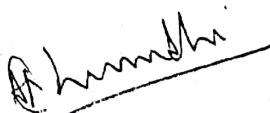

- Establish a mentorship program connecting experienced voters with new or uninformed voters.
- Organize a voter education summit inviting experts and community leaders to discuss electoral issues. Conduct an evaluation of the club's activities and impact on voter participation and civic engagement.

Continuous Improvement:

- Regularly review and update the club's strategies and activities based on evaluation findings and feedback.
- Adapt the club's approach to address emerging trends in electoral literacy and civic engagement.
- Utilize new technologies and innovative methods to engage students and enhance the effectiveness of electoral literacy initiatives.

By implementing this comprehensive future plan, the Electoral Literacy Club can effectively promote informed decision-making, enhance civic engagement, and foster a vibrant and engaged campus community that actively participates in the democratic process.

Report on ELECTROTECH CLUB

Institution Innovation Council in Collaboration with IQAC

ELECTROTECH CLUB

By Electronics & Communication Engineering Department

Students of the Communication and Electronics Department's Electrotech hobby group engage in project-based learning. Within the electronics area, they attempt to bring their dreams to life. The projects that the students work on involve hardware, IoT, IT, etc. Numerous projects have also been constructed by the pupils using scrap. Students also gain an understanding of the real operations of the various experimental projects included in the syllabus through hands-on work in the club. Additionally, it facilitates teamwork, coordination, and learning for the pupils. Students have produced numerous projects based on agricultural needs under the guidance of Faculty In-charge Dr. A. P. Thakare and Head of Department Dr. D. M. Kate.

Objective:

To establish an innovative Electronics Club that harnesses creativity, resourcefulness, and practical skills to repurpose scrap materials for educational, practical, and sustainable electronic projects within the college community.

Key Goals:

1. **Promote hands-on learning:** Provide a platform for students to apply theoretical knowledge of electronics through practical projects using scrap materials.
2. **Foster creativity and innovation:** Encourage members to think outside the box, repurpose materials creatively, and develop unique solutions to electronic challenges.
3. **Sustainability and environmental awareness:** Raise awareness about the importance of reusing and recycling materials, reducing electronic waste, and promoting sustainable practices.
4. **Skill development:** Offer workshops, tutorials, and collaborative projects to enhance members' technical skills in electronics, soldering, circuit design, and troubleshooting.
5. **Community engagement:** Organize outreach activities such as workshops, demonstrations, and exhibitions to share knowledge and inspire interest in electronics within the college and local community.
6. **Collaboration and teamwork:** Facilitate collaboration among members from diverse backgrounds and disciplines to foster interdisciplinary learning and teamwork.

7. **Networking and career development:** Provide opportunities for members to connect with professionals, alumni, and industry partners for mentorship, internships, and career guidance in the field of electronics.
8. **Continuous improvement:** Solicit feedback from members to continuously improve club activities, resources, and projects, ensuring relevance and effectiveness in achieving objectives.
9. By achieving these goals, the Electronics Club aims to cultivate a culture of innovation, sustainability, and collaboration while empowering students to become proficient and socially responsible electronics enthusiasts.

FACULTY IN-CHARGE:

Dr.A.P.Thakare(Assistant Professor)

CLUB INCHARGE :

Chaitanya Akhud

VICE INCHARGE :

Pranjali Tarankar

CO- ORDINATORS : Pratham Pannase

INAUGURATION:-

PROJECTS AND STUDENTS WORKING ON IT:-

Summary:-

The Electronics Club of Electronics and Communication Engineering Department is dedicated to fostering creativity, innovation, and sustainability in electronics through the repurposing of scrap materials. With a focus on hands-on learning, skill development, and community engagement, the club aims to provide a platform for students to apply theoretical knowledge in practical projects while promoting environmental awareness and responsible consumption.

Key Achievements:

- ❖ Successfully initiated hands-on workshops, tutorials, and collaborative projects using scrap materials, enhancing members' technical skills in electronics.
- ❖ Raised awareness about sustainable practices and the importance of reusing and recycling materials through outreach activities within the college and local community.
- ❖ Established partnerships with industry stakeholders, facilitating opportunities for mentorship, internships, and career development for members.
- ❖ Cultivated a culture of innovation, teamwork, and continuous improvement, soliciting feedback and adapting club activities to meet the evolving needs of members.
